Just how many other Senators are going to find much reason for serious debate on the appropriation bills resaid to be assured that his view of the unusual importance of the appropriation bills is shared by many others.

Question Must Be Met.
"But what if we do put the appropriation bills through and then do not escape an extra session?" one Senator almost pleaded to-day. He was assured from high quarters that he would have to face the same question a few weeks later, and the only escape now was to aid in taking the Senate situation by the neck and disposing of it, even to swallowing reciprocity.

If Senator Nelson is to filibuster in the last hours now one know knows there were those to-day who said that if the Minuesota Senator came to a relization that he would have to vote on reciprocity later he would do so this week, after expressing

MUST COME HOME EARLY

How late is it proper for nurses and doctors to be on the streets at night? was the question which provoked a spirited, not to say heated, debate in the Council Committee on Relief of the Poor yesterday afternoon. Some members would have had a hard and fast early closing law, effective, say, at 10 or 10:20 P. M., and having that hour final. A compromise prevailed, which closes the City Home and hospital to visitors at 11 P. M., but any employe, admitted if the superintendent consents. One or two members of the committee thought Superintendent Caballist thought should be left to run the institution without so many petty rules and such perpetual discussions of trivial affairs in the committee.

The question of electing a head nurse was deferred, pending action by a subcommittee on a plan proposed by the visiting medical staff for institution of a trabing school for nurses.

Abused the Court.

Harry Holland, a young man of good family conpection in the Southside, was tried on the charge of being drunk, abusing the officer making the arrest and stealing a quart of whiskey from Vaughan's saloon. He was fined \$5 for being drunk, \$10 for abusing the ogficer and received a penalty of ninety days in jail for the theft of the whiskey. The jail sentence was later commuted to thirty days.

The scene was such a one as is seldom seen in the Police Court. Judge J. M. Gregory plead for the court's elemency for the youth, while Holland's respected father seemed crushed by his son's disgrace. Had Holland himself shown any sign of repentance, it is probable that the justice would have been touched, but as it was the prisoner turned the heart of all present against him by his ugly demeanor toward the justice. Neither his father's pleadings for sileuce nor the justice's order to put him behind the bars had the effect of quieting Holland's tongue, and every possibility of ciernency at the hands of the justice was shattered by the prisoner's insuiting remarks.

CONTRACTOR CAN'T GET WIRE

Steps were taken for the second time at night looking toward rescinding distributing system of the municipal electric plant, after a telegram had been read from Roeblin & Sons to the effect that they were pre-pared to ship a carload of wire to the contractor if the city would guarantee the payment of the bill. "The cat's out of the bag at last," remarked Alderman Don Leavy, who

Superintendent Trafford reported that the work on the overhead contract was being, in his opinion, "unnecessarily delayed"; that there was a lack of material on the ground; that men had been laid off, and present condi-tions did not justify him in anticipating an early completion of the contract. He presented correspondence with the makers of wire and mast arms, the Roeblin people expressing their willingness to ship a carload of wire, now ready, if the city will guarantee pay-

He stated that firm had done, roughly, about 00 worth of work, and had been pald \$12,800. paid \$12,800. He seriously doubted whether Roeblin really had the car of wire ready for shipment, and said he knew the firm did not have it ready last Friday.

City Pays Heavily.

In response to a statement of Chairman Don Leavy that the contract called for completion of the work on November 7 last, and that the delay was costing the city in excess of \$4,000 a month, through duplicate cost of operating the municipal electric plant and paying the Virginia Railway and Power Company for street lighting. Mr. Taylor said that not until late in December had the city completed contracts by which it secured the necessary right of way.

About Thirty-Five Candidates Working for Team-Schedule of Games.

Ispecial to The Times-Dispatch.]

Hampden-Sidney. Va., March 1.—
Baseball practice has started on Venable's Field in earnest. Hampden-Sidney lost seven of its last year's first team men by graduation, consequently baseball prospects for this season have been an uncertain factor. But the loyal students are responding to the situation in a way that will cover this deniciency. No man on the squad of about thirty-five men will have a walkover in landing a position. Captain Atkinson, Lewis and Lee will form the nucleus of the team, being the three of last year's men back.

Captain Atkinson, who held down left field in great form, and lead the batting at 425, is leading the team well, and is acting as coach until the arrival of Coach Kenna, on March 8.

Lewis is a strong pitcher. He held the strong A. & M. team down last year to three hits, but on account of an exceedingly hard course was unable to pitch in the championship series. Year before last he pitched for Woodberry Forest.

Last year, without a single applicant for catcher, Lee was shifted from the field to behind the bat. He made great progress last season, and signs of even greater improvement are evident at this early date.

John E. Kenna, of Charleston, W.

greater improvement are evident at this early date.

John E. Kenna, of Charleston, W. Va., has been secured as coach. He pitcher' for three years on the University of West Virginia, and was captain for the last two. From there he went to Chattanooga in the South Atlantic League, and played fine ball. Last year he played with Worcester, in the New England League. He has signed up for Indianapolis for the coming season, and instead of going on the training trip, he will coach Hampden-Sidney. Among those who are trying for the different positions are:

Catcher—Lee, Frey, Moore, John C. Moore, James C. Vass.

Pitcher—Lewis, Harman, Chambliss, Allen, Blanton.

Shortstop—Hostrander, Clarke, Zelmer.

First base—W. G. Dunnington, Bu-chanan, Gřeer, Cosby, Hundley, Corke, F. W. Payne, Third base—K. R. Saunders, Wood P. Saunders, Berne and G. H. Payne, Second base—Northington, Rainey,

SCHOOL BUDGET FIXED

One Richmond Man Prefers Highland Park to City Schools. The Highland Park school trustees, George W. Bahlke, chairman; William

Holloday, clerk, and Thomas Ruffin with A. D. Wright, superintendent of Henrico county schools, in session yesterday, adopted the annual school budget for the session of 1911 and 1912. The budget will now go before the county school board, and then finally before the supervisors for approval.

It was also decided to close the school on June 3 next. The condition of the school was found to be satisfactory in every way great interest before tory in every way, great interest being manifested by every scholar and patron. The chairman reported a re-quest recently from a resident of Richond for permission to send his chil dren to the school, as they were not making progress as they should in city schools, and he had heard of the reputation of Highland Park school and its equipment and teaching.

Dabney After Another.

Business Manager William T. Dabney, of the Chamber of Commerce, left for Washington last night to attend the annual meeting of the National Wholesale Lumber Dealers' Association, which he hopes to bring to this city next year.
